Dear Bektas,

Letter of Appreciation

Following the successful completion of our project, I wanted to pass on my thanks to the team at Marine Support Services. As you know, the project was to support one of our major clients during a critical phase of the Kashagan expansion, so it was vital that we always delivered a professional service.

All parts of our project were delivered successfully and ahead of schedule. We were very pleased that we opted to work with Marine Support Services for the installation of our insulation materials. Your prices were competitive, and the personnel and infrastructure supplied were all of a high standard.

I hope to be able to call on your services again in the near future.

For and on behalf of ContraFlex KZ LLP.
